

Leber Orthodontics

Larry Leber DDS, MS • Eric Leber DDS, MS

A Family Tradition

Overview 2012

The “FUN” Factor!

Whether you are guessing which baby picture belongs to which staff member, deciding how much the pumpkin weighs, or anxiously awaiting whether you won a mani-pedi for Mother's Day, everyone has fun at Leber Orthodontics!

It begins when you first step through the door with a welcoming smile, free wifi, fresh coffee and Xbox and Gameboys for patients and siblings. Then, in response to good oral hygiene and proper care of their braces, patients are rewarded with special tokens that can be redeemed for gift cards to Target, Starbucks and other retailers.

Each year Leber Orthodontics hosts their Annual Skating Party which has become the “place to be” with over four hundred people attending. In addition to skating races, video games, face painting, delicious cake and free toothbrushes, I-Touches and Xboxes are raffled off to an enthusiastic crowd.

We at Leber Orthodontics pride ourselves in treating everyone like family! Of course, achieving beautiful, straight, healthy teeth is the obvious goal, but we go one step further. Drs. Larry and Eric and our dynamic, caring staff really strive to get to know the person “behind the teeth” and to form lasting friendships.

*and
Dutch Wild Leber
makes four...*

Four sons that is, following exactly in the footsteps of Dr. Larry. Dr. Eric and Aumi joyfully welcomed Baby Dutch on July 26, 2012 at 8 lbs and 20 inches long into their already boy-oriented household of Denton (8), Dawson (6) and Donovan (3). Of course, Baby Dutch happily claims another “D” name.

Our Staff Knows how to have Fun!

The Annual Staff Christmas Party includes a fun luncheon, the traditional White Elephant with everyone vying for that special gift...

If you haven't already, check out our Facebook Page and new video on our website...

www.leberortho.com

“I can’t stop smiling since I got my braces off...” is the constant refrain from our patients! Besides the obvious advantages of that beautiful new smile, there are the additional benefits of teeth being easier to clean and to function more effectively.

- ☺ Straight teeth are easier to clean which may prevent tooth decay and gum disease
- ☺ Proper dental function will decrease the abnormal wear of tooth surfaces and increase chewing function

Patient Testimonials

Let's hear from You...

"I recommend anyone who is thinking about getting braces or are ready to get their braces should go to Leber Orthodontics! Everyone is very friendly and welcoming through the whole process. It's for all ages, I just got my braces off and Dr. Eric and Dr. Larry did an amazing job! The offices are very nice and are set up beautifully. They even work around your schedule. Every appointment I went to was a breeze, they really know what they are doing! Thanks to everyone at Leber Orthodontic's I now have an amazing smile :)"

- *Anissa*

"Leber Orthodontics is family owned, and that is how you are treated, like family. The staff is so warm and friendly and it is clear they care about you and your well being. They walk you through the process step by step and I am more than please with my results! My entire family has been treated at Leber and we all are extremely happy with our beautiful smiles. I cannot stress the atmosphere enough, though. They have the absolute best and most positive staff and you'll leave with results beyond your expectations!"

- *Adult Patient Diane*
